## **Admission Policy (TUS policy for admitting enrollees)**

### **Graduate Schools**

Based on the principles of education and research of this University that is rooted in the university motto and on the tradition of the merit system, our goal is to broadly seek the following kinds of people through a variety of selection methods.

1. In master's courses, people who have the desire to discover issues in specialized fields and research solutions based on basic knowledge acquired through undergraduate programs and extensive education, people who aim to acquire the abilities required of researchers and advanced professionals, and people who have the desire to take the initiative to conduct research in cooperation with a variety of people.
2. In doctoral courses, people who have the desire to conduct creative research independently based on specialized knowledge and research abilities acquired up until the master's course, and in the doctoral course for the Department of Pharmacoscience in the Graduate School of Pharmaceutical Sciences, people who have the desire to conduct creative research independently based on the specialized knowledge, skills and attitudes acquired in undergraduate programs extending covering six years, etc.
3. People who have the desire to play an active part in society with a global perspective, based on specialized knowledge and education.

## 1. Number of Student Openings

Summer schedule	8 students
Winter schedule	Remaining slots

\*In principle, classes are held on Kagurazaka Campus (with some being held on Noda Campus), and research guidance is held on either Kagurazaka Campus or Noda Campus.

## 2. Application Eligibility

Applicants must fulfill all of the conditions (1) to (4) below.

(1)	Applicants must be of a nationality other than Japan.
(2)	Applicants must fulfill either (A), (B) or (C) below.
	(A) Applicants must have completed 16 years of formal education outside Japan or be expected to complete such education by March 31, 2024
	(B) Applicants must be from a country that does not require more than 16 years of education until graduation from university, as well as satisfy the following condition and reach 22 years of age by March 31, 2024 <ul style="list-style-type: none"> <li>The applicant has conducted research for a considerable period of time as a research student or researcher or in a similar role at a university in Japan or overseas, or an inter-university research institute corporation or equivalent research organization, after graduation from university, or is expected to fulfill such qualification by March 31, 2024, and is deemed by the University's Graduate School to possess an academic ability at least equivalent to a graduate of a university in Japan. (*Please see the important notice below.)</li> </ul>
	(C) Applicants must have completed 15 years of formal education outside Japan or be expected to complete such education, and be deemed by the University's Graduate School to have completed the required credits with superior grades. (*Please see the important notice below.)
	Important notice concerning (B) and (C): <b>Applicants satisfying the above eligibility requirement (B) or (C)</b> who are applying for a Master's Course are subject to eligibility screening. Therefore, such applicants must be certain to contact the Administration Section for Faculty of Science and Technology in advance via telephone or other means, and to submit all application documents no later than one month before the starting date of the application acceptance period.
(3)	Applicants must have not received four years of undergraduate university education in Japan.
(4)	Applicants must be able to obtain or renew "Student" status as a student of the University at the time of admission, based on the Immigration Control and Refugee Recognition Act.

[To all examinees residing outside of Japan (About Student visa) ]

If you reside outside of Japan and do not have qualifications to reside in Japan, it is necessary to obtain a "Student" visa at the Embassy of Japan or Consulate General of Japan in your country in order for you to enroll in the Tokyo University of Science.

When applying for a visa, the screening process will be smoother if you first obtain a "Certificate of Eligibility (CoE)" from the Ministry of Justice's Tokyo Regional Immigration Services Bureau and use this CoE to apply for a "Student" visa.

If obtaining a "Certificate of Eligibility (CoE)", it is necessary to submit documents for the CoE application within the enrollment procedure period. Make sure to read "[Application for Issuance of Certificate of Eligibility](#)" on the International Students Entrance Exam page of the Tokyo University of Science website, check details regarding the procedure, and submit your application by the deadline.

\*For residents residing outside of Japan, it is necessary to apply for issuance of a visa at the Embassy of Japan or Consulate General of Japan in your country once you obtain the "Certificate of Eligibility (CoE)". It is not possible to switch from a "Temporary Visitor" visa to "Student" once you arrive in Japan.

### 3. Application Period and Screening Schedule, Procedures, and Location

Type of Examination	Application Period	Examination and Screening Schedule	Screening Location
Summer schedule	Friday, June 23 – Friday, July 7, 2023 (must be received by the deadline)	Saturday, July 29, 2023 English (10:00 – 10:50 a.m.) Math (11:00 – 11:50 a.m.) Essay (12:00 – 12:50 p.m.) Interview (2:00 p.m. - )	Noda Campus *Details will be posted in front of the front gate on the day of screening.
Winter schedule	Tuesday, November 28 – Thursday, November 30, 2023 (must be received by the deadline)	Wednesday, January 10, 2024 English (10:00 – 10:50 a.m.) Math (11:00 – 11:50 a.m.) Essay (12:00 – 12:50 p.m.) Interview (2:00 p.m. - )	Noda Campus *Details will be posted in front of the front gate on the day of screening.

The scope of English examination: Applicants will be examined if they have English skills adequate to understand and use English in the study of science and technology (reading comprehension and writing).

The scope of Math examinations: 1. Formula and proofs, and higher degree equations 2. Sets and logic 3. Figures, equations, and inequalities 4. Various functions 5. Differentials and integrals (limited to polynomial functions) 6. Outcomes and probability 7. Math skills used in fire science, such as progressions.

The scope of essay: Questions applicants' logical thinking and expression abilities against fire science issues.

- **If you are applying from outside of Japan**, please send your application to the mailing address (see page 6) by international mail with a tracking function, such as registered express airmail, or an international parcel delivery service. If you are applying from outside of Japan, your application will be accepted prior to the application period.
- **If you are applying from within Japan**, please send your application to the mailing address (see page 6) by simplified registered mail or express mail.

\* Please note that applications that are received incomplete or arrive after the application deadline will not be accepted.

**Note: Please make sure to contact the faculty member whom you wish to receive research guidance (or person in charge of the department, if you do not have a faculty member in mind) beforehand for instructions.**

**In addition, all examinees residing outside of Japan should also ask the faculty member whom you wish to supervise the research to fill out Prior Consultation Sheet for International Students.**

#### Precautions when implementing screening

(1) Precautions related to infectious diseases for which suspension of attendance is specified in School Health and Safety Act

On the day of the entrance examination, those who have contracted an infectious disease for which suspension of attendance is specified in the School Health and Safety Act (novel coronavirus, influenza, measles, chickenpox, etc.) and who have not recovered are requested, in principle, to refrain from taking the examination as there is a risk of the disease spreading to other examinees, supervisors, etc.

However, this does not apply to cases where acknowledged by a school physician or other physician that there is no risk of infection based on the condition of the disease.

Even in cases where examinees are requested to refrain from taking the examination due to the above reason, the examination fee will not be refunded. Please take sufficient precautions in managing your health on the day of the exam.

(2) In the event that TUS determines that it is difficult to hold an entrance examination as scheduled due to a natural disaster or unforeseen accident such as a fire, power outage, or major delay in transportation facilities, measures such as delaying the exam start time, postponing the exam, or changing the exam venue may be taken. Information related

to implementation of the entrance examination from TUS will be provided on the Tokyo University of Science homepage (<https://www.tus.ac.jp/>).

TUS will not bear any responsibility for any disadvantages to examinees resulting from the above.

All **personal information** contained the application documents will be handled as follows:

- (a) Personal information may be used for the purposes of 1) entrance exam operation (application processing and exam operation), 2) announcement of results, 3) admission procedures, 4) emergency contact with enrollees and other associated matters.
- (b) Personal information may be used in public relations activities implemented by the Tokyo University of Science (including sending of application guidelines and pamphlets, etc., and notification of entrance exam information).

Personal information shall not be used for any purposes other than those stated above.

## 4. Application Documents and Application Method

### Application Method

Please make payment for the examination fee as instructed on page 7-10, and submit your application documents to the following address in an envelope by simplified registered mail, express mail, international mail with a tracking function, such as registered express airmail, or an international parcel delivery service during the application period.

If you are applying from within Japan, use the “Envelope Label for Application Documents” on supplement, and paste it on a “Kaku ni gata” envelope to send the application documents.

Admissions Section, Tokyo University of Science  
1-3, Kagurazaka, Shinjuku-ku, Tokyo 162-8601 JAPAN

### Points to Remember when Applying for Admission

- (1) Applications that are received incomplete or arrive after the application deadline will not be accepted.
- (2) No change of graduate school or major will be permitted following submission of an Application for Admission.
- (3) Accepted documents and paid entrance exam fees will not be returned or refunded, regardless of the reason.
- (4) Points to remember regarding Security Export Control

The Tokyo University of Science practices education and research that emphasizes “science based on conscience”, with the objectives of continued development of the Earth and prosperity of humankind and the world in our Research Charter.

The University implements Security Export Control based on the Foreign Exchange and Foreign Trade Act so that the knowledge produced by the University can be shared meaningfully as an asset that can be shared by mankind, promote research activities that can be conducted freely and with peace of mind, and prevent use of research contents in a way that threatens international peace and safety.

The Act targets regulations regarding the export of goods and provision of technology related to development of weapons of mass destruction, etc.; however, research contents applicable to the regulations may include cases where there are restrictions on research activities that one wishes to carry out, and cases where research guidance is not possible.

Before submitting application documents, make sure to contact the faculty member with whom you wish to receive research guidance for a consultation on the contents of your desired research guidance.

All examinees residing outside of Japan should also ask the faculty member whom you wish to receive research guidance to fill out Prior Consultation Sheet for International Students.

### Application Documents

**Please submit all of the following documents.** (See page 13: List of Submitted Documents [Application for Admission, etc.] )

#### Important

- Please print the documents in the form required by the university with A4 size single side printing.

- Payment can be made, regardless of weekends and holidays, for 24 hours. However, please note that Japan time is the standard time (**please complete a payment by 11:00 p.m. on the last day of the payment period**).
- The cardholder’s name on the card which is used for making payment does not have to be the same as the applicant. However, **please make sure to enter information about the applicant** in the section of ‘basic information’ when family or others complete the procedure on behalf of the applicant.
- Please print out two copies of ‘Statement of handling entrance examination fees and screening fees’ after payment has been made. Please cut out a part of ‘certificate of receipt’ of one of the copies and attach to the designated section on Statement of Payment of Entrance Examination Fee (A). Please keep the other copy for your records.

Please see page 9 for details of payment methods.

## Refund of Entrance Examination Fees

In principle, entrance examination fees will not be refunded once they are paid. However, if requested by the applicant in the following cases, the entrance examination fee will be refunded.

- ① An application is received from someone who is not qualified to apply
- ② An application is submitted after the deadline
- ③ There was overpayment of the specified entrance examination fee

If any of the cases in ① to ③ apply, and you wish to have your entrance examination fees refunded, request a refund as follows:

### (1) Examination fee for Summer schedule

Contact the Tokyo University of Science Admissions Section by 5 P.M. Japan Standard Time on Friday, July 14, 2023.

### Examination fee for Winter schedule

Contact the Tokyo University of Science Admissions Section by 5 P.M. Japan Standard Time on Thursday, December 14, 2023.

Please use the contact form (<https://faq.admissions.tus.ac.jp/hc/en/requests/new>) to submit your requests.

\*Input “Request for Refund of Examination Fee” in the subject line, and input reason for return request in the content of your inquiry.

- (2) The University will provide details on the refund method to those from whom a request is received.
- (3) The applicant must bear all handling fees, etc. pertaining to the refund. Please note that depending on the refund method, a handling fee may be deducted from the refund amount.

Applicants residing outside of Japan only

## 5. Announcement of successful applicants

Type of examination	Announcement of prospective successful applicants	Announcement of successful applicants
Summer schedule	Wednesday, August 23, 2023 10:00 a.m.	Friday, January 19, 2024 10:00 a.m.
Winter schedule	None	Friday, January 19, 2024 10:00 a.m.

### (1) Announcement of prospective successful applicants (Summer schedule only)

Prospective successful applicants will be announced through a posting on the Noda Campus Bldg. 1, 2F bulletin board.

### (2) Announcement of successful applicants

The official announcement of successful applicants will be made on the Tokyo University of Science homepage (<https://www.tus.ac.jp/>) on the announcement date. At the same time, an acceptance notification (with payment transfer form for enrollment procedure fee) will be delivered by express mail to the applicant's address.

Inquiries regarding selection results will not be accepted, including via telephone and via the contact window.

## 6. Admission Procedures

Please carry out the admission procedure by paying the enrollment procedure fee (bank transfer) during above period. Details regarding the procedure will be given when the "Acceptance Notification" is sent.

Persons who have completed the procedure will be sent a "Letter of Acceptance" and "Information on How to Download Materials Related to Admission". Please allow approximately one week for the materials to arrive after payment.

In addition, during the Admission procedures period, please send a photograph of your passport (photo page) and residence card (both sides) to the following email address.

\*If you live outside Japan and do not have your residence card at hand, please send only a photograph of your passport. Please send your residence card as soon as you have entered Japan and have obtained it.

When sending, please include the following information in your email.

① The graduate school and department to enroll

② Name (in English and Japanese)

E-mail address to submit: tus-iss@sign.admin.tus.ac.jp

### Points to Remember when Applying for Admission

- (1) No enrolment procedures will be accepted under any circumstances after the closing date of the enrolment period includes cases such as non-delivery of Acceptance Notification.
- (2) Enrolment will be cancelled in cases of misconduct during entrance examinations or provision of falsified or fraudulent information on application documents, etc.
- (3) Requirements, etc. for the application procedure and matters related to immigration must be confirmed by the applicant himself/herself. If there are any unclear points, etc., the applicant must inquire with the Admissions Section or International Affairs Section promptly. If the applicant is denied a visa when seeking visa issuance or a visa renewal, enrolment may be cancelled. In such a case, the University shall not bear any responsibility, and a refund will not be issued for the first year's payment.
- (4) If you make an overpayment at the time of application, the applicant will be responsible for the processing fee incurred in refunding the overpaid amount to the applicant.

### Procedure for refund of enrollment procedure fee due to refusal of enrollment

- (1) Once received by TUS, the enrollment fee and tuition will not be refunded.
- (2) However, regardless of the stipulation of 1) above, tuitions, etc. (i.e., tuition, educational enrichment fee, research laboratory fee, and student health mutual aid fee), excluding the paid enrollment fee, will be refunded if TUS receives a request for refusal of enrollment using the designated form by 9:00 A.M. on Monday, April 1, 2024 (Japan Standard Time) **(For details, please see "Admissions Documents" to be sent following completion of admissions procedures.)**

## 7. First Year's Payment (AY2024)

(Units: yen)

Graduate School	Department	Enrollment procedure fee (A)	Academic fees			Other fees	Second semester fee (B)	Academic fees		Total fees for first year (A+B)
			Enrollment fee	Tuition fee	Educational enrichment fee			Tuition fee	Educational enrichment fee	
Science and Technology	Fire Science and Technology	752,740	200,000	450,000	100,000	<Student Health Mutual Aid> 2,740	550,000	450,000	100,000	1,302,740

- Enrollees must pay a student health mutual aid fee of ¥2,740 (this amount is subject to change)
- The second semester fee is to be paid separately, and the payment request form will be sent in the beginning of August.
- The tuition and educational enrichment fee for the second-year and further years of study are the same as for the first-year.

## 8. Necessity of Laptop Computers

At the Tokyo University of Science, ICT-supported education is being promoted, and we are implementing the “Bring Your Own Device (BYOD)” policy, in which students are required to have their own laptop computer.

If you do not currently own a laptop computer, etc., and are planning on purchasing one, check with the Graduate School/Department in which you will be enrolling regarding the required specifications of the laptop computer, etc. and review your choices.

In addition, as it is anticipated that you may also be participating in online classes and will be submitting assignments, etc. through the Internet, make sure to set up an environment at home such that Internet use is possible.

## 9. List of Faculty Members in Charge of Master's Courses and Research Fields

Graduate School of Science and Technology

Department of Fire Science and technology (Master's Courses)

Course name	Major field	Faculty member in charge	Research field	Code
Department of Global Fire Science and Technology	Fire Physics, Chemistry	Professor MATSUYAMA Ken	Fire Dynamics, Thermal Fluid Dynamics, Fire Extinction Theory, Measurement Engineering	W01
	Evacuation, Human Behavior	Professor ICHIMURA Shiro	Sports Science, Preventive Medicine and Public Health	W02
		Professor HAGIWARA Ichiro	Evacuation Safety, Fire Safety Design of Buildings, Performance-based Codes	—
		Professor YANAGITA Shinya	Behavioral Physiology, Exercise Physiology	W03
		Associate Professor MIZUNO Masayuki	Human Behavior in Fire, Evacuation Safety, Evacuation Simulation	W04
	Fireproof Construction/Materials and Disaster Prevention	Professor KOHNO Mamoru	Building Structure and Materials, Fire Safety Engineering, Structural Reliability	—
	Fire and Disaster Prevention, Industrial Fire	Professor KUWANA Kazunori	Fire and Explosion Safety, Combustion Theory	W05
